

**RECREATIONAL VEHICLE  
SAFETY RECALL NOTICE**  
 Safety Recall: 11V-577  
 Safety Advisory: 11-170  
 November 17, 2017

**IMPORTANT SAFETY RECALL SEVENTH NOTICE**

«POLK\_NAME»  
 «POLK\_ADDRESS»  
 «POLK\_CITY», «POLK\_STATE» «POLK\_ZIP»

This notice applies to your vehicle: «VIN»

Dear «POLK\_NAME»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

**! Our records indicate YOUR UNIT HAS NOT BEEN REMEDIED. Please *DO NOT* ignore this notice! !**

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2009 – 2011 Keystone Travel Trailers and Fifth Wheels. As a result, Keystone RV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

***Reason for this recall***

It has been decided some IOTA ITS-50R transfer switches are experiencing heat related failures when exposed to the elevated electrical loads associated with RV use in higher ambient temperatures. The failure is causing connections and wiring in the transfer switch to degrade and heat leading to elevated case temperatures and an increased risk of electrical damage to other appliances from loss of neutral in a 240V circuit. **Continued use of the vehicle without replacing the transfer switch increases the risk of a fire, personal injury, and property damage.**

***What we will do***

Keystone representatives have been in contact with the staff at your selling dealership regarding this situation. The remedy is to replace the IOTA ITS-50R transfer switch with a different brand transfer switch supplied by Keystone. The remedy for this recall supersedes recall NHTSA 10V-594 or Keystone 10-153 except in cases which already had the IOTA Transfer switch replaced with a different brand. Those vehicles need no further

action. The service and parts required for this corrective action will be provided at no charge to you.

*What we need you to do*

As soon as possible, please make an appointment to have your RV serviced by your dealership. **Important – This remedy must be performed before continued use. Failure to have the recall remedy completed may result fire, personal injury, and property damage.** The labor time to perform this correction is approximately one hour. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your RV for this repair.

**BE ADVISED-Damage caused by failure to have the recall remedy completed will be the responsibility of the owner.**

*If you have questions*

Your dealer is best equipped to obtain parts and provide service to ensure your RV is corrected as promptly as possible. Please contact Keystone Customer service if your dealer is unable to assist or if you take your RV to your dealer on the agreed service date, and the dealer does not remedy the condition within a reasonable amount of time, or without charge to you. You may be eligible to receive reimbursement if you paid to have the defect resolved prior to receiving this correspondence. Keystone Customer Service is available toll-free at 1-866-425-4369.

If after contacting Keystone Customer Service you are still not satisfied we have done our best to remedy this situation, you may also submit a written complaint to: Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590. You may call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153; or go to <http://www.safercar.gov>.)

Thank you for your attention and cooperation in this matter.

Sincerely,

**KEYSTONE RV COMPANY**
