**Summary:**

DUCATI IS RECALLING CERTAIN MODEL YEAR 2011-2012 HYPERMOTARD AND MONSTER MOTORCYCLES MANUFACTURED FROM JUNE 25, 2011, THROUGH NOVEMBER 30, 2011. THE FUEL LINES CONTAIN MICRO-CRACKING DUE TO INSUFFICIENT DRYING OF RAW MATERIALS PRIOR TO EXTRUSION.

We have received your proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is expected owners will be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on or before 30 days after the close of the calendar quarter.

Your contact for this recall will be Edison Thompson, who may be reached by phone at 1-202-366-9525, by email at [Edison.Thompson@dot.gov](mailto:Edison.Thompson@dot.gov), or through the office email at [RMD.ODI@dot.gov](mailto:RMD.ODI@dot.gov). We look forward to working with you for the successful completion of this recall campaign.
