Mr. Don Swearingen
Vice President, Fixed Operations
MITSUBISHI MOTORS NORTH AMERICA, INC.
6400 Katella Avenue
Cypress, CA 90630

NVS-215ET
12V-372

Subject: Air Bag Sensor

Dear Mr. Swearingen:

This letter serves to acknowledge MITSUBISHI MOTORS NORTH AMERICA, INC.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
MITSUBISHI/I-MIEV/2012

Mfr's Report Date: July 31, 2012

NHTSA Campaign Number: 12V-372

Components:
AIR BAGS:FRONTAL:SENSOR/CONTROL MODULE

Potential Number of Units Affected: 261

Problem Description:

Mitsubishi is recalling certain model year 2012 i-MiEV vehicles manufactured between November 4, 2011, and December 22, 2011. Incompatibility between the air bag sensors and the self-diagnostic software may deactivate the frontal and side airbag system. Should this occur, the SRS warning lamp would illuminate to alert the driver.

Consequence:

The side and curtain air bags may not deploy in a crash for which those air bags were intended to deploy, increasing the risk of personal injury to the vehicle occupants.

Remedy:

Mitsubishi will notify owners, and dealers will replace the incompatible air bag sensors with new, compatible units, free of charge. Mitsubishi has not provided a notification schedule. Owners may contact Mitsubishi at 1-800-222-0037.

Notes:

This is Mitsubishi recall number SR-12-003. Owners may also contact the National Highway Traffic Safety Administration's Vehicle Safety hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is expected owners will be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles. You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers.

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Edison Thompson who may be reached by phone at 202-366-9525, or by email at edison.thompson@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with the first name being the most prominent.

Jennifer Timian
