Mfr's Report Date: July 27, 2012

NHTSA Campaign Number: 12V-386

Components:

STRUCTURE:BODY

Potential Number of Units Affected: 317

Problem Description:

Collins is recalling certain model year 2012 Collins, Corbeil and Mid Bus Brand SL, SH, DH, and DE school buses and multi-function school activity buses manufactured from March 12, 2012, through July 16, 2012. Some of the body mount bolts may not have been torqued to specification.

Consequence:

Without correctly tightened body mount bolts, there may be a reduction in the vehicle's integrity, which in the event of a crash, may result in the passengers having an increased risk of injury.

Remedy:

Collins will notify owner, and dealers will repair the buses free of charge. The safety recall is expected to begin on, or about, August 15, 2012. Owners may contact Collins at 1-800-533-1850, ext 424.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Collins' proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,
