Dear Sir or Madam:

Pursuant to 49 CFR Part 573, Entegra Coach ("Entegra Coach" or the "Company") is submitting this report to NHTSA concerning a recall campaign, which is being voluntarily initiated. Specific information is as follows:

573.6(c)(2)

Affected vehicles are 2011 & 2012 Anthem Motorhomes.

The affected vehicles were manufactured between July 17, 2010 and November 30, 2011.

The recall population was determined from the manufacturing records for the Company's manufacturing plant in Middlebury, Indiana, which produced the affected recreational vehicles.

573.6(c)(3)

A total of 29 vehicles are subject to this recall. Specific Vehicle Identification Numbers (VIN) are as follows:

Model year 2011 to 2012 vehicles with a starting VIN of _____ and ending with _____

573.6(c)(4)

Entegra Coach is recalling 100 percent of the affected vehicles identified in the scope.

573.6(c)(5)

Entegra Coach has determined that the front tires could become overloaded due to the many ways cargo could be distributed in the storage areas.

573.6(c)(6)

After a review of vehicle weight data and consideration of the many ways a vehicle owner could load cargo into the vehicle it was determined that owners would benefit from having additional

headroom by increasing the load capacity of the front tires, and on some models the wheels. There have been no complaints or warranty claims related to this matter.

573.6(c)(8)

The remedy for the affected recreational vehicles is to replace the tires, and on some models to replace the wheels as well, to provide owners with additional load capacity.

Copies of the repair instructions, dealer notification letters, and owner letters will be provided to the agency within 10 business days. Entegra Coach is contacting all dealers and retail owners of the affected vehicles. Upon notification Entegra Coach is prepared to begin dealer notification within 5 business days after approval, and to owner's ten business days subsequent to dealer notification.

Thank you for your assistance,
