Defect Information Report

Maserati S.p.A. has determined that a defect that relates to motor vehicle safety exists in certain Model Year 2012 Maserati Quattroporte, Granturismo, Granturismo Convertible and Granturismo MC vehicles. Maserati North America, Inc. (MNA) is providing this notification to your office in accordance with **49 C.F.R. Part 573**.

Maserati S.p.A. and MNA has determined that certain Model Year 2012 Quattroporte, Granturismo, Granturismo Convertible and Granturismo MC models, specifically, vehicles indicated in the attached VIN/Assembly and Production Date Chart were potentially manufactured with faulty TPMS ECU software, which may fail due to a loss of functionality resulting in loss of tire pressure monitoring capability. This TPMS ECU fault, will be determined, and identified, by the instrument cluster telltale indicator illuminating, thereby providing the vehicle operator warning of TPMS system malfunction. A malfunctioning TPMS system can reduce driver notification of proper tire inflation pressures, which may lead to low tire pressures. Operating the vehicle with low tire pressures, can reduce vehicle traction in certain operating conditions or increase tire temperatures, and internal tire pressure which can eventually lead to tire failure, increasing the risk of a crash.

As noted below, a total of **485** vehicles have been sold or leased to customers, and thus this notification relates only to those vehicles.

The information – to the extent currently available to MNA – that is required by your regulation follows:

1. Manufacturer's Name and Address.

Maserati North America, Inc.
250 Sylvan Avenue
Englewood Cliffs, N.J. 07632

MASERATI

2. Vehicle Involved in this Notification.

The affected vehicles consist of certain Model Year 2012 Maserati Quattroporte, Granturismo, Granturismo Convertible and Granturismo MC vehicles. Please refer to the attached VIN/Assembly and Production Date Chart for specific information.

3. Total Number of Vehicles.

The total population of Model Year 2012 Maserati Quattroporte, Granturismo, Granturismo Convertible and Granturismo MC vehicles potentially in the affected VIN range is **485** that have been sold or leased to customers.

4. Approximate percentage of vehicles Estimated to Contain the Defect.

Within the affected VIN range, potentially all units may contain the defect.

5. Description of the Defect.

The defect has been identified as faulty TPMS ECU software, which may fail due to a loss of functionality resulting in loss of tire pressure monitoring capability. This TPMS ECU fault, will be determined, and identified, by the instrument cluster telltale indicator illuminating, thereby providing the vehicle operator warning of TPMS system malfunction and/or failure.

6. Chronology of Events leading to this Defect Determination.

Maserati S.p.A. and MNA received notification from field reports and warranty claims paid for TPMS ECU failures, and confirmed the supplier's material/component analysis and subsequent identification and verification of the failure to a potential batch of components.

7. Description of Proposed Remedy.

The remedy for the affected vehicles involves the check of the TPMS ECU serial number and if necessary the replacement of the TPMS ECU. If the TPMS ECU serial number is between Nos. 5153 and 6069, the TPMS ECU will require replacement. The check procedure only of the TPMS ECU will require 0.2 hours to complete, while the check and replacement of the TPMS ECU will require 0.95 hours to complete, and will be performed free of charge to the vehicle owner.

MNA anticipates that an adequate inventory of replacement TPMS ECUs will be available in approximately 30 days. All customers for whom this remedy is required and our dealers will receive notification of the remedy campaign. Maserati North America, Inc. intends to send customer notification letters to each owner of an affected vehicle by mail to inform the customer of the problem, and advise the customer to contact their local authorized Maserati Dealer to schedule an appointment to repair the affected vehicle.

Because all of the vehicles that potentially have the defect are 2012 models, all of the affected vehicles are currently under warranty, and no customers would have incurred any costs to obtain a pre-notification remedy of this defect. Accordingly, MNA requests that it be excused from the requirements of 49 C.F.R. §§ 573.6(c)(8), 573.13, and 577.11 to provide notification to owners that they may be eligible for reimbursement of the costs of obtaining a pre-notification remedy of this defect. 49 C.F.R. § 573.13(d) permits manufacturers to “exclude reimbursement for costs incurred within the period during which the manufacturer’s original or extended warranty would have provided for a free repair of the problem addressed by the recall, without any payment by the consumer.” In addition, 49 C.F.R. § 577.11(e) contemplates that, upon written request by the manufacturer, NHTSA may determine that the manufacturer is not required to provide notification concerning reimbursement for pre-notification remedies because all covered vehicles are under warranty. Thus, MNA’s request to be excused from the obligation of specifying a reimbursement program in this report, and of providing notification to owners concerning it, is consistent with the regulations governing reimbursement for pre-notification remedies.

8. Campaign Schedule and Draft Notices.

MNA expects to begin customer notification within 30 days as well as additional dealer materials including a draft copy of the recall campaign instruction bulletin. MNA has assigned this campaign an internal number of **202**.

9. Representative Copies of Notifications that Relate to the Defect and Have Been Sent to More than One Manufacturer, Distributor, Dealer, or Purchaser.

There are no notices, bulletins or other communications that relate directly to the defect and have been sent by MNA to more than one manufacturer, distributor, dealer, or purchaser.

Should you have questions concerning this submission, please contact me at your earliest convenience at 201-816-2638.

Sincerely,

A handwritten signature in cursive script that reads "Daniel E. Doku".
