NHTSA Recall No. 12V-050

## ***Safety Recall Notice*** *Redwood*<sup>®</sup>

Dear Dealer:

This **Safety Recall Notice** is sent to you in accordance with the requirements of the United States National Traffic and Motor Vehicle Safety Act and The Canadian Motor Vehicle Safety Act and is important for your safety.

Crossroads RV, Inc. (Crossroads) has decided that a defect which relates to motor vehicle safety exists in certain *Redwood* brand fifth wheel trailers manufactured between August 26, 2011 and January 18, 2012 with a Carlisle hydraulic brake pump. Other trailer models manufactured by Crossroads Manufacturing, Inc. during this time period are not included in this recall.

It has been decided the vehicles subject to this recall campaign have been manufactured with a defective hydraulic brake pump manufactured by Carlisle Brake and Friction. The hydraulic pump could fail resulting in a loss of braking in the trailer. A loss of braking could result in a loss of vehicle control resulting in serious injury.

The required action is to replace the hydraulic brake pump on the fifth wheel. The replacement parts required for this corrective action are readily available through Crossroads Service Parts.

If any unit on this list has been retail sold you are asked to notify the retail owner as soon as possible of this recall because their vehicle was not registered at the time the retail notice was mailed.
