NHTSA Recall No. 12V-
Transport Canada Recall No. 2012 -

Safety Recall Notice ***Elevation®***

Dear Dealer:

This **Safety Recall Notice** is sent to you in accordance with the requirements of the United States National Traffic and Motor Vehicle Safety Act and The Canadian Motor Vehicle Safety Act and is important for your safety.

Crossroads RV, Inc. (Crossroads) has decided that a defect which relates to motor vehicle safety exists in certain *Elevation* brand fifth wheel trailers manufactured between November 7, 2011 and February 22, 2012. Other trailer models manufactured by Crossroads Manufacturing, Inc. during this time period are not included in this recall.

The vehicles subject to this recall campaign have been manufactured with a fuel tank that is too high in relation to the fuel fill point. The fuel tank on board the trailer is installed too high in the vehicle which does not permit the tank to be filled properly. The condition exists where fuel can come back out of the fuel filler neck and spill. The spilled fuel creates a condition where fire or an explosion can occur in the presence of an ignition source resulting in personal injury or death.

The required action is to replace the fuel tank mounting brackets allowing the fuel tank to sit lower in the vehicle enabling proper fuel fill into the tank. The replacement parts required for this corrective action are readily available through Crossroads Service Parts.

Dealers that have stock units impacted by this recall will have a list of affected units attached to this recall bulletin. If any unit on this list has been retail sold you are asked to notify the retail owner as soon as possible of this recall because their vehicle was not registered at the time the retail notice was mailed.

As a reminder, you are required by law to complete this recall on any stock units in inventory prior to retail sale. Any vehicle lessor receiving this notice must forward a copy to the lessee within 10 days.

Please find attached a copy of the retail notification letter as well as the required repair procedure for this recall. In addition, instructions for claim filing have also been included.

If you have questions concerning this recall, please contact the **Crossroads Warranty/Service Department** by mail at Crossroads RV Inc., P.O. BOX 40, Topeka, IN 46571, by email at 'service@crossroadsrv.com', or by phone at 855-226-7496.

We apologize for this inconvenience; however, we have taken this action in the interest of customer safety and continued satisfaction with our products.

Sincerely,

Alicia Dunafin
Director of Customer Care
