

SAFETY RECALL NOTICE

TO: All Dealers

Lippert Components, Inc. d/b/a Extreme Trailers ("Extreme") has decided that a safety defect exists in certain boat trailers that have incorporated certain wheel assemblies supplied by Carlisle Transportation Products.

These wheels were manufactured with machined dimensions for the application of a center cap and the application of steel lug inserts that were not controlled to the required blue print specifications. As a result, the wheels are subject to not being tightened to proper torque requirements during the mounting process. Consequently, when the trailer mounted product encounters continued road use it is possible that the lugs can come unseated which could lead to the wheel separating from the trailer increasing the risk of trailer damage and an accident.

Any Extreme boat trailers that have incorporated the wheel assemblies described below must be contained and/or removed from service immediately. The affected trailers were manufactured by Extreme between February 2011 and February 2012.

Extreme is coordinating with Carlisle Transportation Products to repair or replace affected wheel(s) free of charge to include dismounting and mounting. Owners will be notified by mail about the recall and will be instructed to contact Carlisle Transportation Products to have their affected wheels repaired or replaced. There is no cost to owners for this recall.

If you have any Extreme Trailers in your company's possession that include the above described wheel assemblies please contact the Customer Care Department at Carlisle Transportation Products between 9am and 5pm Pacific time, Monday through Friday at (909) 923-2710 to arrange for the replacement of the affected wheel(s). If your company has previously paid for replacement wheel(s) as a result of the defect, Carlisle Transportation Products will reimburse the cost of such replacement based on your receipts.

Please be reminded that it is a violation of Federal law for your company to sell or lease any Extreme boat trailer incorporating the above described wheel assemblies covered by this notification until this recall has been performed on the wheel assemblies. Substantial civil penalties apply to violation of this law.

Your assistance with this recall is greatly appreciated and Extreme regrets any inconvenience this recall may cause.
