**SAFETY RECALL NOTIFICATION – C1005110 – Seat Belt Buckle
NHTSA SAFETY RECALL – 12V-058**

Vehicle Identification Number –

Dear Mitsubishi Fuso Truck Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mitsubishi Fuso Truck of America, Inc. has decided that certain 2012 model year FEC52, FEC72 and FEC92 trucks fail to conform to Federal Motor Vehicle Safety Standard No. 209. Some of these vehicles were assembled with an incorrect passenger side seat belt buckle. In this condition, the passenger side seat belt tang will not engage its buckle correctly, which could allow the seat belt assembly to become disconnected without warning, risking the passenger's safety in the event of a crash. In the worst case, passenger injury or death could occur. **Do not use the passenger's side seat until the seat belt buckle has been inspected!**

Continued on the back.

Please detach, sign & return this prepaid business reply postcard if any owner/vehicle information requires updating.
