

April 2012

Dear General Motors Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect, which relates to motor vehicle safety, exists in certain 2012 model year Chevrolet Express and Suburban heavy duty vehicles, and GMC Savana and Yukon XL heavy duty vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

I M P O R T A N T

- Your vehicle is involved in safety recall 12055.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

The steering gear pitman shaft on your vehicle may not have been properly hardened and could fracture. If a fracture occurs and progresses completely through the shaft, it could result in the loss of steering. If this happens while the vehicle is moving, a crash could occur.

What will we do?

Your GM dealer will inspect the steering gear and, if necessary, replace the steering gear pitman shaft. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual inspection time of approximately 15 minutes. If the steering gear pitman shaft requires replacement, an additional 1 hour and 55 minutes will be required.

If your vehicle is within the New Vehicle Limited Warranty, your dealer may provide you with shuttle service or some other form of courtesy transportation while your vehicle is at the dealership for this repair. Please refer to your Owner Manual and your dealer for details on courtesy transportation.

What should you do?

You should contact your GM dealer to arrange a service appointment as soon as possible.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below.
