Transport Canada Recall No. 2012-224

Safety Recall Notice

Breckenridge, Breckenridge XT (XTendables), Classic Breeze, Perfect Cottage, FineLife Cottage, Bayridge, BreckenLodge, Breckenridge KOA Lodge

Dear Customer:

This **Notice** is sent to you in accordance with the requirements of the United States National Traffic and Motor Vehicle Safety Act.

Reason for This Recall

Breckenridge along with Atwood Mobile Products has decided that a defect which relates to motor vehicle safety exists in certain *Breckenridge, Breckenridge XT (XTendables), Classic Breeze, Perfect Cottage, FineLife Cottage, Bayridge, BreckenLodge, Breckenridge KOA Lodge* brand travel trailers manufactured between May 26, 2009 and May 2, 2012. Other trailer models manufactured by Breckenridge during this time period are not included in this recall.

It has been decided the vehicles subject to this recall campaign have been manufactured with a defective Atwood furnace. The furnaces have been built with a defective gas control valve. These furnaces are model 8935-III and 8940III series AC units manufactured between May 18, 2009 and March 29, 2012. There exists a potential in the defective units for the gas control valve to stick in the open position which could cause a risk of a fire resulting in personal injury or death. Atwood Mobile Products will be directing this recall.

What We Will Do

Breckenridge and Atwood Mobile Products representatives have been in contact with the staff at your selling dealership regarding this situation. The remedy is to inspect and replace the gas control valve, if necessary. The service and parts required for this corrective action will be provided at no charge to you.

What You Should Do

At your earliest convenience, please make an appointment to have your RV serviced by your dealership. The labor time to perform this correction is approximately two (2) hours. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your RV for this repair. Your dealer is best equipped to obtain parts and provide service to ensure your RV is corrected as promptly as possible.
