**RE: SAFETY RECALL NOTICE**  
**EZ Loader Mako 18 LTS Trailer Recall**

Dear Tracker Marine Group Customer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Tracker Marine Group has decided the weight of your Mako 18 LTS boat package may exceed the Gross Vehicle Weight Rating (GVWR) of your EZ Loader trailer. If affected, continued use without having this condition corrected may result in axle or tire failure, increasing the risk of a crash.

A Tracker Marine Group dealer will weigh your boat package at a certified scale to determine if it is affected by this recall. If it is found to be affected, the trailer axle and tire/wheel assemblies will be replaced with higher capacity components. You will be provided written documentation of the modifications performed to your trailer. Any upgrades required to the trailer are provided free of charge. The weigh process will take approximately 2 hours at your authorized dealer. If an axle replacement is required, this process will take approximately 1 additional hour at your dealer. Your dealer may request to keep your boat package for a longer period of time depending on their schedule and service commitments.

There are no known defects in the subject boats or trailers affected by this recall. This recall is the result of noncompliance relating to the weight capacity of the boat package.

Contact your selling dealer or your nearest authorized Tracker Marine Group dealer to have your package weighed. You may locate your nearest authorized dealer on the internet at <http://trackerboats.com/> using the Dealer Search function or you may contact Tracker Marine Group Consumer Relations at 417-873-4555.

If you have already paid to have your trailer repaired for this condition, you may be eligible for reimbursement of the charges you paid for the repair. If you no longer own the trailer, please provide the new owner's contact information to us. To learn more about what you need to do to obtain reimbursement or providing new owner's information you may contact Tracker Marine Group Consumer Relations at 417-873-4555.

If after attempting to have your vehicle repaired you believe you have not been able to have your vehicle remedied without charge and within a reasonable amount of time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., S.E., Washington, D.C., 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

We apologize for any inconvenience this safety recall may cause, but your safety is our first concern.

Sincerely,

Tricia Cusic  
Advocacy Response Supervisor
