

January 2013

Dear General Motors Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that certain 2010-2012 model year Chevrolet Colorado and GMC Canyon vehicles fail to conform to Federal/Canada Motor Vehicle Safety Standard 113, requiring a secondary hood latch. As a result, GM is conducting a recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in recall 12319.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

Your vehicle may have been assembled with a hood that was missing the secondary hood latch. If the primary hood latch is not engaged and the secondary hood latch is not present, the hood could open unexpectedly. If this occurs while the vehicle was in motion, the hood could contact the windshield, reducing the forward vision area of the driver and a crash could occur.

What will we do?

Your GM dealer will inspect for the presence of the secondary hood latch. Very few vehicles will be missing the latch; however, if it is missing, your dealer will install a new hood. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual inspection time of 15 minutes. If the hood requires replacement, an additional 6 hours and 55 minutes.

Since the inspection can be performed easily, and to reduce your inconvenience, we have included the inspection procedure with this letter. If you desire, however, your dealer will perform the inspection at **no charge**.

If you perform the inspection and the hood latch is present, please complete the enclosed prepaid response form and return it to us in the mail. We will close the recall.

If the hood latch is not present, please contact your dealer as soon as possible and schedule an appointment to have the hood replaced.

If your vehicle is within the New Vehicle Limited Warranty, your dealer may provide you with shuttle service or some other form of courtesy transportation while your vehicle is at the dealership for this repair. Please refer to your Owner Manual and your dealer for details on courtesy transportation.

What should you do?

If you would like your dealer to perform the inspection, or if you have performed the inspection and the secondary hood latch is missing, you should contact your GM dealer to arrange a service appointment as soon as possible.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below.

Division	Number	Text Telephones (TTY)
Chevrolet	1-800-630-2438	1-800-833-2438
