Subject: Thermo King TriPac Auxiliary Power Units

Daimler Trucks North America LLC (DTNA) is providing this Recall Notice with respect to certain vehicles with equipment manufactured by Thermo King Corporation. The vehicles affected are specific Freightliner Cascadia and Coronado vehicles manufactured August 1, 2011, through December 31, 2011, with certain Thermo King Auxiliary Power Units (APU).

DTNA and Thermo King have decided that a defect which relates to motor vehicle safety exists in the vehicles mentioned above. The possibility exists that the bottom maintenance access panel may detach from the TriPac APU while the vehicle is in motion, creating a potential road hazard for other drivers.

Please contact an authorized Thermo King dealer to arrange to have this Recall completed. See the enclosed Thermo King Recall Notice for details.

For questions regarding this Recall, please contact Thermo King at (866) 776-2708.

SAFETY RECALL NOTICE

VOLUNTARY SAFETY RECALL CAMPAIGN #12E-043

Dear Thermo King TriPac Auxiliary Power Unit Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Thermo King Corp. has decided that a defect which relates to motor vehicle safety exists in certain TriPac Auxiliary Power Units ("TriPac APU"). The possibility exists that the bottom maintenance access panel may detach from the TriPac APU while the vehicle is in motion, creating a potential road hazard for other drivers.

This recall affects TriPac APUs in the following serial number range: 3000106335 to 3000127584. These units were manufactured between July 29 and November 7, 2011.

If the panel on your TriPac APU has not already been replaced, your authorized Thermo King dealer will replace the access panel with a heavier-gauge panel. We estimate that this replacement, which will be made at no cost to you, will take about 0.3 hours. Please contact your authorized Thermo King dealer on or after October 19, 2012 to schedule an appointment to have the replacement performed on your TriPac APU unit.

Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of the notice to the vehicle lessee within ten days.

You may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., SE, Washington, D.C. 20590 or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-429-9153) or go to <http://www.safercar.gov>, if you believe that Thermo King has failed or is unable to remedy your equipment without charge.

Thermo King regrets any inconvenience this voluntary recall may cause you. If you have any questions regarding this recall, you may call Thermo King at **(866) 776-2708**.

Sincerely,

Paul Barbaro

Thermo King Corporation
