TIMKEN

Part Number: HA599467

Applications:

2002-2005 4X2 Non-ABS Jeep Liberty

2002-2005 4X4 Non-ABS Jeep Liberty

Product:

Part Number HA599467 had been listed in our catalog as the hub part number for both the 4X2 Non-ABS and the 4x4 Non-ABS 2002-2005 Jeep Liberty. It was recently brought to our attention that this part is only applicable for the 4x4 vehicles, not the 4x2 vehicles. We are making this hub part number obsolete. We are launching two new numbers for the 2002-2005 Jeep Liberty: HA590458 for the 4x4 Non-ABS and HA590452 for the 4x2 Non-ABS.

New Part Numbers:

HA590458 – 2002-2005 4X4 Non-ABS Jeep Liberty

HA590452 – 2002-2005 4X2 Non-ABS Jeep Liberty

Current Inventory:

Do not sell any of your current inventory of HA599467, whether for the 4X4 or 4X2 Non-ABS Jeep Liberty. Your current inventory needs to be returned to Timken. Please contact a Timken customer service representative for return instructions and your assigned RGA number.

In the U.S.: Automotive: (866) 984-6536

Heavy Duty: (800) 859-3300

In Canada: English: (866) 527-5973

French: (866) 527-5974

 **WARNING**

Non-Formed Hub Unit assembly is only suitable for 4X4 vehicle applications. It must not be used in 4X2 applications. If fitted to a 4X2 vehicle the vehicle's wheel will not be secure and will come off, creating a risk of death or serious injury.

Please contact your Timken sales representative or regional manager if you need more information or have questions.
