This notice applies to your vehicle: «VIN»

Dear «NAME»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain Rubicon 2900 brand toy hauler trailers manufactured between October 12, 2011 and February 23, 2012. As a result, Keystone RV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

***Reason for  
this recall***

It has been decided the vehicles subject to this recall campaign have been manufactured with a frame support located too close to the trailer tires which could result in the support contacting the tires when loaded. If the support contacts a tire this could result in a tire failure. A tire failure can lead to loss of control of the trailer resulting in serious injury.
