Dear «NAME»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2013 Outback Travel Trailers and Sydney Fifth Wheels. As a result, Keystone RV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

Reason for this recall

It has been decided that the vehicles in the recall population were manufactured with two carbon monoxide (CO) detectors instead of one smoke detector and one carbon monoxide detector.
