Tems Global Sanayi Ve Ticaret A.S.
5840 C South Semoran Boulevard
Orlando, FL 32822

NVS-215KS
13V-304

Subject: Release Mechanism Labels/FMVSS 217

Dear Cem Yazmanoglu:

This letter serves to acknowledge Temsa Global Sanayi Ve Ticaret A.S.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

TEMSA/TS30/2012-2013

TEMSA/TS35/2007-2013

Mfr's Report Date: July 8, 2013

NHTSA Campaign Number: 13V-304

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 254

Problem Description:

Tems Global is recalling certain model year 2007-2013 TS35 and model year 2012-2013 TS30 coach buses. The label indicating the nearest emergency exit window release mechanism may be missing. Thus, these buses fail to conform with Federal Motor Vehicle Safety Standard No. 217, "Bus Emergency Exits and Window Retention and Release."

Consequence:

Without a label to identify the closest release mechanism, in the case of an emergency, passengers may spend extra time to find the location of an exit window release mechanism, increasing the risk of injury.

Remedy:

Tems Global will notify owners and dealers will install any missing labels. The manufacturer has not yet provided a notification schedule. Owners may contact CH Bus Sales at 1-407-271-8935.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is expected owners will be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles. You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
