**Subject:** Right Front Axle Shaft Can Fracture

Dear Mr. Babcock:

This letter serves to acknowledge Hyundai-Kia America Technical Center Inc's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**  
HYUNDAI/SANTA FE/2013

**Mfr's Report Date:** August 9, 2013

**NHTSA Campaign Number:** 13V-355

**Components:**  
POWER TRAIN:AXLE ASSEMBLY:AXLE SHAFT

**Potential Number of Units Affected:** 20,300

**Problem Description:**

Hyundai is recalling certain model year 2013 Santa Fe Sport vehicles manufactured July 13, 2012, through March 12, 2013; and equipped with 2.4 liter engines. Due to a manufacturing issue, the right front axle shaft may fracture.

**Consequence:**

A fractured front axle may result in a loss of power to the wheels. Additionally, if the vehicle is parked without the parking brake applied, it may roll away. Either condition increases the risk of a crash.

**Remedy:**

Hyundai will notify owners, and dealers will replace the front axle shaft assembly, free of charge. The recall is expected to begin in August 2013. Owners may contact Hyundai at 1-800-633-5151. Hyundai's recall number is 112.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

This recall was the subject of a preliminary evaluation, PE13-025, conducted by the Office of Defects Investigation.
