Washington, DC 20590

December 9, 2013

Mr. Abbas Saadat  
Vice President  
Toyota Motor Engineering & Manufacturing  
Vehicle Safety and Compliance  
Mail Code: S-104 19001 South Western Ave  
Torrance, CA 90501

NVS-215KS  
13V-557

**Subject:** Valve Springs may Fail Resulting in Engine Stall

Dear Mr. Saadat:

This letter serves to acknowledge Toyota Motor Engineering & Manufacturing's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

TOYOTA/TACOMA/2013-2014

**Mfr's Report Date:** November 7, 2013

**NHTSA Campaign Number:** 13V-557

**Components:**

ENGINE

**Potential Number of Units Affected:** 3,795

**Problem Description:**

Toyota Motor Engineering & Manufacturing North America (Toyota) is recalling certain model year 2013-2014 Tacoma vehicles manufactured July 1, 2013, through October 11, 2013. The engines of the affected vehicles contain valve springs that may break over time.

**Consequence:**

If the valve springs break, the engine could fail and stall while the vehicle is being driven, increasing the risk of a crash.

**Remedy:**

Toyota will notify owners, and dealers will replace the valve springs, free of charge. The recall is expected to begin in December 2013. Owners may contact Toyota at 1-800-331-4331.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We have received Toyota's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

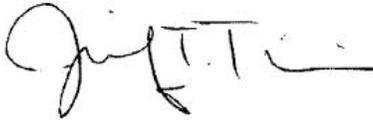

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

On August 20, 2013, NHTSA announced new changes to the requirements governing safety recalls. Some of these requirements are already in effect. Please ensure your company will be in compliance with each requirement on, or before, its respective effective date. For a summary of the requirements and their effective dates please click on the "New!" link at <http://www.safercar.gov/Vehicle+Manufacturers>.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at [kelly.schuler@dot.gov](mailto:kelly.schuler@dot.gov) or through the office email at [rmd.odi@dot.gov](mailto:rmd.odi@dot.gov). We look forward to working with you.

Sincerely,

Jennifer Timian  
Chief, Recall Management Division  
Office of Defects Investigations  
Enforcement
