Subject: Side Air Bag Connectors may Disconnect

Dear Mr. Kobylarz:

This letter serves to acknowledge Jaguar Land Rover North America, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

LAND ROVER/RANGE ROVER/2013-2014

Mfr's Report Date: December 2, 2013

NHTSA Campaign Number: 13V-607

Components:

AIR BAGS

Potential Number of Units Affected: 3,912

Problem Description:

Jaguar Land Rover North America, LLC (Land Rover) is recalling certain model year 2013-2014 Range Rover vehicles. In the affected vehicles, due to insufficient clearance, the Supplemental Restraint System (SRS) connector located in the driver and front passenger side seat of the vehicle may become disconnected.

Consequence:

If the connector becomes disconnected, the driver and/or passenger seat side air bag may not function. In the event of a crash necessitating side air bag deployment, the seat occupant is at an increased risk of injury.

Remedy:

Land Rover will notify owners, and dealers will modify the area around the connector to prevent it from becoming disconnected, free of charge. The recall is expected to begin on January 17, 2014. Customers may contact Land Rover at 1-800-637-6837, Option 9. Land Rover's number for this recall is P037.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Land Rover's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

On August 20, 2013, NHTSA announced new changes to the requirements governing safety recalls. Some of these requirements are already in effect. Please ensure your company will be in compliance with each requirement on, or before, its respective effective date. For a summary of the requirements and their effective dates please click on the "New!" link at <http://www.safercar.gov/Vehicle+Manufacturers>.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
