Subject: Seat Belt may be Difficult to Unlatch/FMVSS 209

Dear Mr. Van Laar:

This letter serves to acknowledge Navistar, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

IC BUS/CE/2014-2015

IC BUS/RE/2014

Mfr's Report Date: December 18, 2013

NHTSA Campaign Number: 13V-631

Components:

SEAT BELTS

Potential Number of Units Affected: 39

Problem Description:

Navistar Inc. is recalling certain model year 2014-2015 IC Bus CE and model year 2014 IC Bus RE transit buses manufactured August 12, 2013, through November 14, 2013 and equipped with IMMI-brand L9 seat belt buckles. When the button is pressed to release the seat belt, the latch plate can become partially engaged with the buckle, making the seat belt difficult to unlatch. Thus, these vehicles fail to conform to the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 209, "Seat Belt Assemblies."

Consequence:

If the latch plate remains partially engaged after the button is pressed, egress from the vehicle could be hindered, resulting in an increased risk of injury in the event of an accident or emergency.

Remedy:

Navistar will notify owners, and dealers will inspect and replace the seat belt buckles, as necessary, free of charge. The recall is expected to begin by February 18, 2014. Owners may contact Navistar at 1-800-448-7825. Navistar's number for this campaign is 13521.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

On August 20, 2013, NHTSA announced new changes to the requirements governing safety recalls. Some of these requirements are already in effect. Please ensure your company will be in compliance with each requirement on, or before, its respective effective date.
