Office of Enforcement NVS-200 Room W45-306  
1200 New Jersey Avenue S.E.  
Washington, DC 20590

Dear Sir or Madam:

Pursuant to 49 CFR Part 573, Jayco, Inc. (“Jayco” or the “Company”) is submitting this report to NHTSA concerning a recall campaign, which is being voluntarily initiated. Specific information is as follows:

573.6(c)(2)

Affected vehicles are model year 2014 Jayco Jay Flight Travel Trailers, and model year 2014 Jay Flight Swift Travel Trailers.

The affected vehicles were manufactured between July 12, 2013 and September 24, 2013.

The recall population was determined from the manufacturing records for the Company’s manufacturing plant in Twin Falls, Idaho, which produced the affected recreational vehicles.

573.6(c)(3)

A total of 233 vehicles are subject to this recall. Specific Vehicle Identification Numbers (VIN) are as follows:

Model year 2014 vehicles with a starting VIN of 1UJBJ0BK0E77P0136 and ending with 1UJBJ0BS3E78R0089.

573.6(c)(4)

Jayco is recalling 100 percent of the affected vehicles identified in the scope.

573.6(c)(5)

Jayco has determined that on certain recreational vehicles if an improper amount of insulation is stripped from the 110v AC ignition wires, the result may cause thermal events to occur resulting in damage to critical internal components. The improper connection may lead to overheating and melting of the water heater electric ignition circuit.

573.6(c)(6)

On September 5th, 2013 Jayco manufacturing initiated an investigation to identify a problem with the electrical wiring of the water heater. During the course of the investigation it was determined a safety recall was appropriate.

573.6(c)(8)

The remedy for these conditions is to inspect the installation of the LP/Electric water heater, and if it meets the requirements, reinstall the wire nuts. If the installation does not meet requirements, repair is necessary.

Copies of the repair instructions, dealer notification letters, and owner letters will be provided to the agency within 10 business days. Jayco is contacting all dealers and retail owners of the affected vehicles. Upon notification Jayco is prepared to begin dealer notification within 5 business days after approval, and to owner's ten business days subsequent to dealer notification. We anticipate the letters will be mailed in October 2013.

Thank you for your assistance,

Sincerely,

A handwritten signature in black ink, appearing to read 'Kalen J. Scalf', written over a white background.
