

SAFETY RECALL ACTION		
To:	All Dealers	Reference RA-03-0016 Issued: 29 May 2013
For the attention of:	Service Manager/After Sales Manager	
Please copy to:	The Dealer Principal The Sales Manager The Warranty Administrator Aston Martin Technician(s) The Parts Manager	
Model:	All Models from May 14 2012 thru April 10 2013 but not New Vanquish, Graz Manufactured Rapide or Cygnet	
VIN Range:	Refer to Appendix "A"	Page 1 of 17
Subject:	Throttle Pedal Lever - Incorrect Material Specification	

Attached Documents:

1. **Appendix "A" – List of applicable VINs**
2. **Copy of the Customer Notification letter**
3. **Copy of the change of owner or address form.**

Reason for this Recall Action (RA-03-0016)

Aston Martin has determined that a defect which relates to motor vehicle safety, exists on a quantity of vehicles that we manufactured between May 14 2012 thru April 10 2013. It is possible that the throttle pedal lever on these vehicles can fracture. This is because the material that the lever is made from is not to the design specification. If the throttle lever fractures, the throttle will return to the idle position. Loss of function and the inability to influence or maintain engine speed above idle speed will occur.

As a precaution, the throttle pedal assembly must be changed on every vehicle that is in the attached VIN list ,in Appendix "A". Refer to the procedure that follows to change the throttle pedal assembly on the affected vehicles.

PLEASE DO A CHECK OF ALL VEHICLES THAT ARE IN THE AFFECTED VIN LIST

Legal Requirements

The National Traffic and Motor Vehicle Safety Act, as amended, provides that each vehicle which is subject to a recall campaign of this type must be adequately repaired within a reasonable time after the owner has tendered it for repair. Failure to repair within sixty (60) days after tender of a vehicle is prima facie evidence of failure to repair within a reasonable time.

If the condition is not adequately repaired within a reasonable time, the owner may be entitled to an identical or reasonable equivalent vehicle at no charge, or to a refund of the purchase price less a reasonable allowance for depreciation.

To avoid having to provide these burdensome solutions, every effort must be made to promptly schedule an appointment with each owner and to repair their vehicle as soon as possible. As you will see in reading the attached copy of the letter that is being sent to owners, the owners are being instructed to contact Aston Martin Customer Service if their dealer does not remedy the condition within three (3) days of the mutually agreed upon service date. If the condition is not remedied within a reasonable time, they are instructed on how to contact the National Highway Traffic Safety Administration.

IMPORTANT: Some of the involved vehicles may still be in your Dealer inventory. Federal law requires you to complete the recall service on these vehicles before retail delivery.

Communications

Because of the quantity of vehicles that are affected by this problem, please write to every owner directly to tell them about this Safety Recall Action. A copy of the letter is attached at the end of this RA for you to copy. There is also a copy of the Customer "Change of Address or Ownership" form. Please include a copy of this with each Customer letter. When you send the letter to the Customer, you must:

- Clearly mark the envelope "**SAFETY RECALL NOTICE**" in capital letters and large type that is different from the Customer's address.
- Send the notification letter by first-class post.

When the Customer calls to make an appointment, briefly describe the remedial work which will be done to the consumer's vehicle. Tell the owner that the repair will be done at no cost to them. To claim for your administration and stationary and administration costs, refer to "Warranty Data" at the end of this procedure.

Service Reception Desk – Checks you must do before you book the vehicle in.

Before you start work, log on to the Online Dealer Warranty (ODW) system. Do the steps that follow:

1. Select the Warranty Live screen (Outstanding Campaigns Status).
2. Use the VIN list in Appendix "A" to do a check of the VINs in your control.
3. Find out if there are other open Service Actions (SAs) or Recall Actions (RAs) for the vehicles in the list.
4. List the SAs and RAs and plan the work so that the Customer only needs to come to your Dealership once.

Note: *The ODW system operates in real-time. Thus, the online condition shows only the newest Dealer Warranty Claim submissions.*

This Safety Recall Action Includes the Sections That Follow:

- Workshop Procedure
- Appendix "A" – List of applicable VINs
- An example of the Customer letter
- An example of the Customer's change of owner or address form.

Workshop Procedure

1. Remove the throttle pedal assembly (refer to the Workshop Manual procedure 03.18.AB).
2. Remove the two nuts and torx screws that attach the pad to the pedal assembly.
3. Examine the new throttle pedal assembly. The correct new part has a green paint mark (1) on the rear of the pedal (2). Do not install the part if it does not have a green paint mark (Refer to Figure 1).

Figure 1

4. Put the pad in position on the new throttle pedal assembly.
5. Install and tighten the two nuts and two Torx screws that attach the pad.

6. Install the new throttle pedal assembly (refer to the Workshop Manual procedure 03.18.AB).
7. Make the old throttle pedal assembly unserviceable so that it cannot be used again.

Warranty Data

Make sure that you submit your claim promptly after the work is completed. The records of your claims are used in the reporting process for the Recall Action that Aston Martin need to submit to the National Highway Traffic Safety Administration.

There are four tiers in the Warranty database. Please make sure that you refer to the correct tier when you make the claim.

Description	Model	Labour Time			
		RHD	Tier	LHD	Tier
Replace the Throttle Pedal Assembly	V8, V12 Vantage and Vantage S	0.20 hours	A	0.25 hours	B
	DB9 and Virage	0.25 hours	C	0.30 hours	D

IMPORTANT SAFETY RECALL NOTICE - NHTSA Recall (REF Required)

Dear (Customer)

Safety Recall Action (RA-03-0016) – Throttle Pedal Lever - Incorrect Material Specification

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

REASON FOR THIS RECALL

Aston Martin has determined that a defect which relates to motor vehicle safety, exists on a quantity of vehicles that were manufactured from May 2012 thru April 2013. The models affected are:

- V8 Vantage (Coupe and Roadster)
- V8 Vantage S (Coupe and Roadster)
- V12 Vantage (Coupe)
- DB9 (Coupe and Volante)
- DBS (Coupe and Volante)
- Virage (Coupe and Volante)
- Rapide
- Rapide S

It is possible that the throttle pedal lever on these vehicles can fracture. This is because a batch of throttle pedal levers (including the part fitted in your car) was made with the wrong material. If the throttle lever fractures, the throttle will return to the idle position and the car will not be able to maintain its speed or to accelerate.

WHAT WE WILL DO

We will replace the throttle pedal assembly free of charge.

WHAT YOU SHOULD DO

Please contact your Aston Martin dealer as soon as possible to arrange a date for the repair. Instructions for making this correction have been sent to your dealer and the necessary equipment is available. The labor time necessary to complete this service correction is approximately 12 minutes. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your vehicle.

Your Aston Martin dealer is best equipped to obtain parts and provide the service to ensure that your vehicle is corrected as promptly as possible. If, however, you take your vehicle to your dealer on the agreed service date, and they do not remedy this condition on that date, or within three days, we recommend that you contact Aston Martin Customer Service by calling 1-888-923-9988.

After contacting your dealer and Aston Martin Customer Services, if you are still not able to have the safety defect remedied without charge and within a reasonable time, you may wish to write to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590 or call 1-888-327-4236 (TTY: 1-800-424-9153) or go to <http://www.safercar.gov.com>.

If you have had your vehicle repaired due to this problem before receipt of this notice, you may be entitled to reimbursement for any out of pocket costs. For further information, please contact Aston Martin Customer Service by calling 1-888-923-9988.

IF YOU NO LONGER OWN THE VEHICLE

If you have sold or traded your vehicle, please let us know by completing the enclosed Change of Owner form and returning it to us.

Federal regulations require that any lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

We are sorry to cause this inconvenience. However, we have taken this action in the interest of your safety and continued satisfaction with our products.

Yours faithfully

A handwritten signature in blue ink, appearing to read 'C. Baker', with a horizontal line drawn through it.

Chris E Baker
General Manager, Global After Sales Operations, Aston Martin Lagonda Limited.

SAFETY RECALL NOTICE
