Recall Campaign No. 13V-045: Brake Vacuum Pump

Dear BMW Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

BMW AG has decided that a defect, which relates to motor vehicle safety, exists in certain model year 2007-10 BMW X5 Sports Activity Vehicles (SAV). Our records indicate that you are the owner of a potentially affected vehicle.

We sincerely apologize for any inconvenience this may cause you.

DESCRIPTION OF PROBLEM

This Recall involves the power assist braking function. A small amount of oil could leak from the brake vacuum pump into the brake vacuum hose. Over time, contamination of the brake booster could occur. This could affect the power assist braking function. In certain cases, loss of power brake assist could occur. If this happened, it would require greater brake pedal force, increase the stopping distance, and increase the risk of a crash.

PRECAUTIONS FOR YOUR SAFETY

- 1. CONTACT YOUR AUTHORIZED BMW CENTER IMMEDIATELY TO HAVE THE NECESSARY REPAIR PERFORMED AS SOON AS POSSIBLE.**
- 2. If this condition occurs on your vehicle, manual braking is still available to slow and stop the vehicle.**
- 3. IN THE EVENT YOU NOTICE A DECREASE OF POWER BRAKE ASSIST, DO NOT CONTINUE TO DRIVE YOUR VEHICLE. Carefully move away from traffic and pull over to a safe location as soon as possible. Contact BMW Roadside Assistance at 1-800-332-4269 to have your vehicle brought to the nearest authorized BMW center.**
- 4. If you are not the only driver of this vehicle, please advise all other drivers and passengers of this important information.**

DESCRIPTION OF REPAIR

The repair will consist of replacing the brake vacuum line on your vehicle. If oil has entered the brake booster, the brake booster and brake master cylinder will be replaced. Replacing the brake line will require up to two and one half hours; however, if the brake booster and master cylinder need to be replaced, that could take up to five hours. Additional time may be required, depending on the BMW center's schedule. This work will be performed free of charge by your authorized BMW center.
