NHTSA Recall 13V-157

IMPORTANT SAFETY RECALL NOTICE

Dear Honda Fit Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

What is the reason for this notice?

Honda has decided that certain 2012 -2013 model year Fit vehicles fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 126, "Electronic Stability Control Systems." The Vehicle Stability Assist system may allow the vehicle to partially lose traction at high steering wheel angles, which could lead to a loss of control of the vehicle, increasing the risk of a crash.

What should you do?

Call any authorized Honda dealer and make an appointment to have your vehicle repaired **at no cost to you**. The dealer will update the Vehicle Stability Assist (VSA) software in your vehicle. The complete process may take approximately 18 minutes; however, your vehicle will need to be at the dealer for a longer period of time. We recommend that you plan to leave your vehicle for half a day to allow the dealer flexibility in scheduling.

Who to contact if you experience problems?

If you are not satisfied with the service you receive from your Honda dealer, you may write to:

American Honda Motor Co., Inc.
Honda Automobile Customer Service
Mail Stop 500-2N-7A
1919 Torrance Blvd.
Torrance, CA 90501-2746

If you believe that American Honda or the dealer has failed or is unable to remedy the noncompliance in your vehicle, without charge, within a reasonable period of time (60 days from the date you first contact the dealer for a repair appointment), you may submit a complaint to:

Administrator
National Highway Traffic Safety Administration
1200 New Jersey Ave., SE
Washington, DC 20590

Or call the toll-free Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to <http://www.safercar.gov>.
