**IMPORTANT SAFETY RECALL****N45 / NHTSA 13V-252**

This notice applies to your vehicle (VIN: xxxxxxxxxxxxxxxxxxxx).

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Dear: (Name)

The National Highway Traffic Safety Administration (NHTSA) has made a tentative assessment that certain **1993 through 1998 model year Jeep® Grand Cherokee vehicles** contain a defect related to motor vehicle safety. Although the NHTSA assessment is non-final, Chrysler Group LLC has decided to conduct a voluntary safety recall to address concerns identified in its assessment.

***The problem is...***    **The fuel tank on your vehicle has a chance of experiencing a fuel leak during certain types of rear end collisions. Fuel leakage in the presence of an ignition source can result in a fire.**

***What your dealer will do...***    **Chrysler will inspect your vehicle and install an Original Equipment Manufacturer (OEM) trailer hitch where appropriate, free of charge (parts and labor) to better manage crash forces in low-speed impacts.** If your vehicle already has an original factory installed Chrysler OEM trailer hitch, the area surrounding the hitch will be inspected for damage.

**If your vehicle has an aftermarket trailer hitch, the trailer hitch and the surrounding area will be inspected for any evidence of sharp edges or other puncture risks.** If any such evidence is identified, the aftermarket hitch will be removed and a Chrysler OEM trailer hitch will be installed free of charge, provided the condition of the vehicle can support proper removal of the existing hitch and installation of a Chrysler OEM trailer hitch.

If it is determined that the condition of your vehicle does not allow the installation of a Chrysler OEM trailer hitch or replacement mounting bolts, your vehicle will be returned and you will be advised what, if any, repairs are needed before the installation can be performed.

**The work will take about four hours to complete. However, additional time may be necessary depending on service schedules.**

**Chrysler recommends you remove the ball & ball mount whenever your vehicle is not actually in use of towing.**

***What you must do to ensure your safety...***    **Simply contact your Chrysler, Jeep, or Dodge dealer right away to schedule a service appointment. Ask the dealer to hold the part for your vehicle or to order it before your appointment. Please bring this letter with you to your dealer.**

***If you need help...***    **If you have questions or concerns which your dealer is unable to resolve, please contact the Chrysler Group Recall Assistance Center at 1-800-853-1403.**
