

## IMPORTANT SAFETY RECALL

N46 / NHTSA 13V-252

This notice applies to your vehicle (VIN: xxxxxxxxxxxxxxxxxxxx).

This interim notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Dear: (Name)

The National Highway Traffic Safety Administration has made a tentative assessment that certain **2002 through 2007 model year Jeep® Liberty vehicles** contain defects related to motor vehicle safety. Although the NHTSA assessment is non-final, Chrysler Group has decided to conduct a voluntary safety recall to respond to customer concerns about that assessment.

***The problem is...***     **The fuel tank on your vehicle has a small chance of experiencing a fuel leak during certain types of rear end collisions. Fuel leakage in the presence of an ignition source can result in an underbody fire.**

***What your dealer will do...***     **Chrysler intends to inspect your vehicle and install an Original Equipment Manufacturer (OEM) trailer hitch where appropriate, free of charge (parts and labor) to better manage crash forces in low-speed impacts.** The parts required for this program are currently not available. Chrysler is making all reasonable efforts to obtain the parts as quickly as possible. Chrysler will contact you again by mail, with a follow-up notice, when the remedy parts are available.

***What you must do to ensure your safety...***     Once you receive your follow-up notice in the mail, simply **contact your Chrysler, Jeep or Dodge dealer** right away to schedule a service appointment.

***If you need help...***     If you have questions or concerns which your dealer is unable to resolve, please contact the Chrysler Group Recall Assistance Center at 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle. You may also update this information on the web at [www.jeep.com/ownersreg](http://www.jeep.com/ownersreg).
