IMPORTANT SAFETY RECALL

NHTSA Recall 13V-445

Dear Nissan Pathfinder Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that a defect that relates to motor vehicle safety exists in some 2013-2014 model year Nissan Pathfinder vehicles. Our records indicate that you own or lease the Nissan vehicle identified by the VIN on the inside of this notice.

Reason for Recall

When activated over certain types of rough or uneven surfaces, the Antilock Brake System (ABS) software setting on the subject vehicles could cause the vehicle to take longer than expected to come to a complete stop after the brake pedal is depressed. This may increase the risk of a crash.

What Nissan Will Do

Your Nissan dealer will reprogram the ABS software to help optimize brake output when the ABS is activated on certain types of rough or uneven road conditions. This reprogram is free of charge to you. Please note that your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

What You Should Do

Contact your Nissan dealer at your earliest convenience in order to arrange an appointment to have your vehicle reprogrammed. Please bring this notice with you when you keep your service appointment.

If the dealer fails, or is unable to make the necessary repairs free of charge, you may contact the National Consumer Affairs Department, Nissan North America, Inc. P.O. Box 685003, Franklin, TN 37068-5003. The toll free number is 1-800-NISSAN1 (1-800-647-7261). You may also submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.
