IMPORTANT SAFETY RECALL**N61 / NHTSA 13V-555**

This notice applies to your vehicle (VIN: xxxxxxxxxxxxxxxxxxxx).

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Dear: (Name)

Chrysler has decided that a defect, which relates to motor vehicle safety, exists in certain **2013 model year Dodge Dart vehicles equipped with the “Mopar 13” upgrade.**

The problem is... **The seat mounted side airbag module on your vehicle may not have been inserted into the seat cover intensifier sleeve (pouch) prior to being secured to the seatback frame. This may affect the performance of the seat side airbag in the event of a crash, possibly resulting in injury.**

What your dealer will do... **Chrysler will repair your vehicle free of charge (parts and labor).** To do this, your dealer will inspect both seat mounted side airbag modules. The inspection will take about ½ hour to complete. If the seat mounted side airbag module must be repositioned an additional hour will be required. However, additional time may also be necessary depending on service schedules.

What you must do to ensure your safety... **Simply contact your Chrysler, Jeep, or Dodge dealer right away to schedule a service appointment. Please bring this letter with you to your dealer.**

If you need help... **If you have questions or concerns which your dealer is unable to resolve, please contact the Chrysler Group Recall Assistance Center at 1-800-853-1403.**
