

CORRECTED QUARTERLY REPORT FOR THIRD QUARTER 2013
OF KOVATCH MOBILE EQUIPMENT CORP.
IN ACCORDANCE WITH SECTION 573.7

RE: Safety Recall 2013-E01
KME Fire Apparatus Vehicles having a Grease Fitting in the Steering
Column Shaft that may get caught in the Rubber Steering Column
Cover Manufactured between September 2008 and April 2013

- (1) The notification campaign identification number assigned to this matter by NHTSA is 13V-187.
- (2) The date notification began is May 20, 2013. The first notification to customers has been completed. It is our intention to follow-up with non-responsive customers.
- (3) The number of vehicles or items of equipment involved in the subject notification campaign is 695.
- (4) The number of vehicles and equipment items which have been inspected and repaired as of September 30, 2013, is 143. No determination has been made regarding any of the subject vehicles that may not need the repair. All of the subject vehicles are being repaired regardless of whether they have manifested the defect.
- (5) No vehicles or items of equipment have been determined to be unreachable for inspection due to export, theft, scrapping, failure to receive notification or any other reasons.
- (6) There are no vehicles or items of equipment repaired and/or returned by dealers, other retailers, and/or distributors to the manufacturer prior to their first sale to the public.
- (7) The subject recall does not involve replacement of tires.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "S. Cormier", is written over a horizontal line.

Steven M. Cormier
General Counsel

Date: January 16, 2014
