RE: 2007-08 Odyssey
NHTSA Recall 13V-500

IMPORTANT

- **Your vehicle is included in a safety recall and should have the recall service done as soon as possible.**
- **Any authorized Honda dealer will perform the recall service at no charge to you.**

Dear Honda Odyssey Owner:

What is the reason for this notice?

Our records indicate that a SAFETY RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. There is a possibility that the Vehicle Stability Assist (VSA) system may apply brake force when driving, even if the driver has not pressed the brake pedal and without illuminating the brake lamps. Unintended application of the brakes without brake lamp illumination while driving increases the risk of a crash.

What should you do?

Please contact any authorized Honda dealer to schedule a service appointment. The dealer will repair the Vehicle Stability Assist (VSA) system. This work will be done *free of charge*.

If you have questions

If you have any questions about this notice, or you need assistance locating a dealer, contact Honda Automobile Customer Service at 1-888-234-2138. You may also find this information at www.Hondacars.com.

We apologize for any inconvenience this safety recall may cause you. We are taking this action in the interest of your safety and continued satisfaction with your Honda vehicle.

Sincerely,

American Honda Motor Co., Inc.
Honda Automobile Division

NOTICE: If this is a leased vehicle, please forward this notice to the lessee.

RE: 2005–2010 Odyssey
NHTSA Recall 14V-112

IMPORTANT

- **Your vehicle is included in a safety recall and should have the recall service done as soon as possible.**
- **Any authorized Honda dealer will perform the recall service at no charge to you.**

Dear Honda Odyssey Owner:

What is the reason for this notice?

Our records indicate that a SAFETY RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. Prolonged exposure to acidic chemicals and high temperatures may cause the cover on top of the fuel pump to deteriorate prematurely. Cracks in the fuel pump cover could lead to a fuel smell being present or to leaking fuel, increasing the risk of a fire.

What should you do?

If your vehicle was repaired for this issue prior to 6/5/2014, you must have it replaced again with the new parts. You are receiving this notice because our records indicate your vehicle has not been repaired with an updated part.

Please contact any authorized Honda dealer to schedule a service appointment. The dealer will replace the fuel filter set. This work will be done *free of charge*.

If you have questions

If you have any questions about this notice, or you need assistance locating a dealer, contact Honda Automobile Customer Service at 1-888-234-2138. You may also find this information at www.Hondacars.com.
