**Subject:** Water Entering Electrical Connection

Dear Mr. Curtin:

This letter serves to acknowledge Terex Aerial Work Platforms's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

TEREX/AL4/2013-2014  
TEREX/RL4/2013-2014

**Mfr's Report Date:** January 29, 2014

**NHTSA Campaign Number:** 14V-025

**Components:**

ELECTRICAL SYSTEM

**Potential Number of Units Affected:** 3,000

**Problem Description:**

Terex Aerial Work Platforms (Terex Aerial) is recalling certain model year 2013-2014 AL4 and RL4 light towers. Due to a missing plug, water may enter the electrical connection that controls the lighting, causing arcing inside the connection.

**Consequence:**

Loss of lighting in low light conditions could result in an increased risk of injury to those depending on the lights for jobsite safety.

**Remedy:**

Terex Aerial will notify owners and dealers will install the missing plug, as necessary, free of charge. The recall is expected to begin in March 2014. Customers may contact Terex at 1-800-536-1800. Terex Aerial's number for this recall is 140001.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We have received Terex Aerial's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

On August 20, 2013, NHTSA announced new changes to the requirements governing safety recalls. Some of these requirements are already in effect. Please ensure your company will be in compliance with each requirement on, or before, its respective effective date. For a summary of the requirements and their effective dates please click on the "New!" link at <http://www.safercar.gov/Vehicle+Manufacturers>.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at [kelly.schuler@dot.gov](mailto:kelly.schuler@dot.gov) or through the office email at [rmd.odi@dot.gov](mailto:rmd.odi@dot.gov). We look forward to working with you.

Sincerely,
