Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Makes/Models/Model Years:

RANGE ROVER/EVOQUE/2014

Mfr's Report Date: March 28, 2014

NHTSA Campaign Number: 14V-155

Components:

SUSPENSION:REAR

Potential Number of Units Affected: 2

Problem Description:

Jaguar Land Rover North America, LLC (Land Rover) is recalling certain model year 2014 Range Rover Evoque vehicles manufactured November 27, 2013 and December 4, 2013. The bolts connecting the right hand rear suspension link arm may have been damaged during vehicle production.

Consequence:

The damaged bolts may fail, allowing the link arm to separate from the vehicle, resulting in a loss of control and increasing the risk of a crash.

Remedy:

Land Rover will notify owners, and dealers will replace the connecting bolts for the right hand rear suspension link arm, free of charge. The recall is expected to begin in May 2014. Land Rover's number for this recall is P040.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Land Rover's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
