Subject: Electrical Short Circuit may Disable Air Bags

Dear Mr. Latouf:

This letter serves to acknowledge General Motors LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

CHEVROLET/CORVETTE/2014

Mfr's Report Date: June 5, 2014

NHTSA Campaign Number: 14V-299

Components:

AIR BAGS
AIR BAGS:FRONTAL:SENSOR/CONTROL MODULE
SEAT BELTS

Potential Number of Units Affected: 33

Problem Description:

General Motors LLC (GM) is recalling certain model year 2014 Chevrolet Corvette vehicles manufactured April 23, 2014 to April 25, 2014. In the affected vehicles, the Sensing and Diagnostic Module (SDM) may experience an internal short circuit, resulting in the deactivation of the air bags and seat belt pretensioners.

Consequence:

If the SDM short circuits, the air bags may not deploy and the seat belt pretensioners may not activate in the event of a crash, increasing the risk of occupant injury.

Remedy:

GM will notify owners, and dealers will replace the Sensing and Diagnostic Module (SDM), free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact General Motors customer service at 1-800-222-1020. GM's number for this recall is 14219.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is required that owners be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with a long horizontal stroke at the end.
