**Subject:** Incorrect Information for Spare Tire/FMVSS 110

Dear Mr. Kobylarz:

This letter serves to acknowledge Jaguar Land Rover North America, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

JAGUAR/XK/2013-2015

**Mfr's Report Date:** July 1, 2014

**NHTSA Campaign Number:** 14V-389

**Components:**

EQUIPMENT:OTHER:LABELS

TIRES:TEMPORARY/EMERGENCY SPARE TIRE

**Potential Number of Units Affected:** 144

**Problem Description:**

Jaguar Land Rover North America, LLC (Jaguar) is recalling certain model year 2013-2015 XK (XKR and XKR-S) vehicles manufactured August 24, 2012, to June 10, 2014, and equipped with a 5.0L engine. The tire placard has incorrect information for the spare tire stating "none" for the inflation pressure of the spare wheel. Thus, these vehicles do not comply with the requirements of the Federal Motor Vehicle Safety Standard No. 110, "Tire Selection and Rims for Passenger Cars."

**Consequence:**

If the recommended pressure for the spare tire is not provided, the tire may not be properly inflated which may result in its failure, increasing the risk of a crash.

**Remedy:**

Jaguar will notify owners, and dealers will inspect the vehicles and, as necessary, attach a corrected tire placard label stating the tire size and pressure, free of charge. The recall is expected to begin on August 30, 2014. Owners may contact Jaguar customer service at 1-800-452-4827. Jaguar's number for this recall is J041.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We have received Jaguar's proposed owner notification letter and have approved it for distribution with no changes required.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
