Dear Mr. Johnson:

This letter serves to acknowledge Hyundai Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Makes/Models/Model Years:

HYUNDAI/SANTA FE/2001-2006

Mfr's Report Date: July 30, 2014

NHTSA Campaign Number: 14V-435

Components:

SUSPENSION:FRONT:SPRINGS:COIL SPRINGS

Potential Number of Units Affected: 225,000

Problem Description:

Hyundai Motor Company (Hyundai) is recalling certain model Year 2001-2006 Santa Fe vehicles manufactured from March 31, 2000, through February 15, 2006, that are registered and operated, or which were originally sold and registered, in the following 20 "salt belt" states and the District of Columbia: Connecticut, Delaware, Illinois, Indiana, Iowa, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, West Virginia, and Wisconsin. The affected vehicles may experience front coil spring corrosion from road salt, causing the coil spring to fracture and make contact with the tire.

Consequence:

If the front coil spring fractures due to corrosion it could cause the coil spring to make contact with the tire, possibly puncturing the tire and increasing the risk of a vehicle crash.

Remedy:

Hyundai will notify owners, and dealers will inspect and if necessary replace the coil spring, free of charge. The recall is expected to begin by the end of September 2014. Owners may contact Hyundai customer service at 1-800-633-5151. Hyundai's number for this recall is 124.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.
