Subject: Brake Vacuum Pump may Stop Functioning

Dear Mr. Kurata:

This letter serves to acknowledge Mitsubishi Motors North America, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
MITSUBISHI/I-MIEV/2010-2014

Mfr's Report Date: August 29, 2014

NHTSA Campaign Number: 14V-522

Components:
SERVICE BRAKES, HYDRAULIC:POWER ASSIST:VACUUM

Potential Number of Units Affected: 1,810

Problem Description:

Mitsubishi Motors North America, Inc. (Mitsubishi) is recalling certain model year 2010-2014 i-MiEV electric vehicles manufactured September 15, 2009, to March 25, 2014. Due to either software programming or corrosion caused by road spray, the brake vacuum pump may stop functioning.

Consequence:

If the brake vacuum pump stops functioning, the distance needed to stop the vehicle will be lengthened, increasing the risk of a crash.

Remedy:

Mitsubishi will notify owners, and depending on the affected vehicle, dealers will either reprogram the brake vacuum pump controller, replace the brake vacuum pump or do both, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Mitsubishi customer service at 1-888-648-7820. Mitsubishi's number for this recall is SR-14-007.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Mitsubishi's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is required that owners be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
