Subject: Roof Ladder May be Installed on Wrong Side

Dear Ms. Tobias:

This letter serves to acknowledge Jayco, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

JAYCO/JAY FLIGHT/2015

Mfr's Report Date: September 11, 2014

NHTSA Campaign Number: 14V-561

Components:

EQUIPMENT:RECREATIONAL VEHICLE
STRUCTURE

Potential Number of Units Affected: 36

Problem Description:

Jayco, Inc. (Jayco) is recalling certain model year 2015 19RD (TP) Jay Flight trailers manufactured May 19, 2014, to May 21, 2014. The affected trailers may have been manufactured with the roof ladder installed on the door side of the trailer. This incorrect location does not have a reinforcing backer to hold the ladder to the trailer.

Consequence:

If the ladder does not have the support of the backer, when the ladder is used, the screws can pull out of the trailer wall and the ladder may give, increasing the risk of injury to the ladder user.

Remedy:

Jayco will notify owners, and dealers will inspect the placement of the ladder, and install a backer if the ladder is installed on the wrong side, free of charge. The recall began on September 30, 2014. Owners may contact Jayco customer service at 1-800-283-8267. Jayco's number for this recall is 9901220.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Jayco's proposed owner notification letter and have approved its distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
