Subject: Wheelchair Lift - Platform Cracking

Dear Mr. Post:

This letter serves to acknowledge Winnebago Industries, Inc's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

WINNEBAGO/ASPECT/2008
WINNEBAGO/VISTA/2010, 2012

Mfr's Report Date: September 22, 2014

NHTSA Campaign Number: 14V-586

Components:

EQUIPMENT ADAPTIVE

Potential Number of Units Affected: 3

Problem Description:

Winnebago Industries, Inc. (Winnebago) is recalling one model year 2008 Aspect WF726A coach, one model year 2010 Vista WFE32K coach and one model year 2012 Vista WFE36D coach. The affected vehicles are equipped with certain model S2005, S2010, S5005, S5010, S5505, or S5510 wheelchair lifts manufactured by Ricon Corporation. The platform side plate of the affected wheelchair lifts may crack.

Consequence:

If the platform side plates crack, the lift platform can separate from the lift and come to rest against the vehicle's lift door. When the doors are opened, the platform may fall out, increasing the risk of injury to the lift operator.

Remedy:

Winnebago will notify owners to take the coaches to a Ricon dealer or service center who will install supplemental platform support bumpers. Any platform that has already started cracking will be replaced, free of charge. The recall is expected to begin in November 2014. Owners may contact Ricon customer service at 1-800-322-2884 or Winnebago customer service at 1-800-537-1885.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Winnebago's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

We understand that Ricon will be handling the quarterly reporting for this campaign. Please be reminded that as the vehicle manufacturer, Winnebago is ultimately responsible for conducting an adequate safety recall campaign of its vehicles. Accordingly, if this safety recall campaign is not successful, the agency may require Winnebago to conduct a follow-up notification and conduct additional quarterly reporting.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with a large initial "J" and a long horizontal stroke at the end.
