TRANS TECH/STUDENT SAFETY TRANSPORT/2007-2014
TRANS TECH/STUDENT TRANSPORTER AERO/2008-2014

Mfr's Report Date: October 3, 2014

NHTSA Campaign Number: 14V-628

Components:

EQUIPMENT ADAPTIVE

Potential Number of Units Affected: 188

Problem Description:

Trans Tech Bus (Trans Tech) is recalling certain model year 2007-2014 Student Safety Transporter and RoadStar and 2008-2014 Student Transporter Aero school buses manufactured January 1, 2007, through September 1, 2014, and equipped with certain model S2005, S2010, S5005, S5010, S5505, and S5510 wheelchair lifts manufactured by Ricon Corporation. The platform side plate of the affected wheelchair lifts may crack.

Consequence:

If the platform side plates crack, the lift platform can separate from the lift and come to rest against the vehicle's lift door. When the doors are opened, the platform may fall out, increasing the risk of injury to the lift operator.

Remedy:

Trans Tech has notified owners and Ricon will supply supplemental platform support bumpers. Any platform that has already started cracking will be replaced, free of charge. The recall began in November 2014. Owners may contact Trans Tech customer service at 1-845-988-2333 or Ricon customer service at 1-800-322-2884.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
