Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

MERCEDES-BENZ/SPRINTER 2500/2014

Mfr's Report Date: October 24, 2014

NHTSA Campaign Number: 14V-677

Components:

UNKNOWN OR OTHER

Potential Number of Units Affected: 100

Problem Description:

Morgan Olson Corporation (Morgan Olson) is recalling certain model year 2014 Sprinter 2500 vehicles manufactured May 30, 2014, to August 1, 2014. The affected vehicles may have an aluminum document holder installed in the cab side of the load area partition that an unbelted occupant may strike in the event of a crash. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 201, "Occupant Protection in Interior Impact."

Consequence:

If the vehicle is involved in a crash, an unbelted occupant may strike the document holder, increasing their risk of injury.

Remedy:

Morgan Olson will notify owners, and dealers will relocate the document holder, free of charge. The recall is expected to begin December 2014. Owners may contact Morgan Olson customer service at 1-800-262-3437.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received a draft owner notification for this recall and have supplied you with our edits.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.
