Dear Ms. Tobias:

Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Makes/Models/Model Years:

JAYCO/JAY FLIGHT/2015

Mfr's Report Date: October 31, 2014

NHTSA Campaign Number: 14V-697

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 1,221

Problem Description:

Jayco, Inc. (Jayco) is recalling certain model year 2015 Jay Flight trailers manufactured July 10, 2014, to October 24, 2014. The affected trailers may have been manufactured with cargo carrying capacity labels that overstate the load carrying capacity. Thus these vehicles fail to comply with the requirements of the Federal Motor Vehicles Safety Standards No.110, "Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR of 4,536 kilograms (10,000 pounds) or less."

Consequence:

A vehicle operator could inadvertently overload the trailer due to the incorrect information on the label and induce premature tire wear or a tire failure, increasing the risk of a vehicle crash.

Remedy:

Jayco will notify owners, and dealers will install corrected labels, free of charge. The recall began November 18, 2014. Owners may contact Jayco customer service at 1-800-283-8267.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As required in in Part 573.6(c)(7), in the case of a noncompliance, please provide the test results and other information used to determine the existence of the noncompliance. Include the date of each test and observation that indicated that a noncompliance might or did exist. Please provide this information as soon as possible.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
