Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Mfr's Report Date: November 3, 2014

NHTSA Campaign Number: 14V-711

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 667

Problem Description:

Chrysler Group LLC (Chrysler) is recalling certain model year 2014-2015 Dodge Journey vehicles manufactured October 25, 2013, to August 22, 2014. The affected vehicles may be equipped with tire placard labels which contain inaccurate seating capacity and occupant/cargo combined weight information. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 110, "Tire Selection and Rims for Passenger Cars."

Consequence:

With inaccurate information on the tire placard, the operator may overload the vehicle, increasing the risk of a crash.

Remedy:

Chrysler will notify owners, and dealers will install a correct tire placard label, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Chrysler customer service at 1-800-853-1403. Chrysler's number for this recall is P70.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

We have received Chrysler's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is required that owners be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
