Dear Ms. Tobias:

Mfr's Report Date: December 4, 2014

NHTSA Campaign Number: 14V-775

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 114

Problem Description:

Jayco, Inc. (Jayco) is recalling certain model year 2015 Eagle HT FW 28.5RSTS "PR" trailers manufactured June 2, 2014, to October 28, 2014. Incorrect tire size information may be found on the tire label. Thus, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 110, "Tire Selection and Rims for Passenger Cars."

Consequence:

Replacing a tire based on an incorrect tire size could overload the trailer causing poor handling and increasing the risk of a crash.

Remedy:

Jayco will mail new labels to registered owners with placement instructions. Owners can also request dealers to install the new label with the correct tire size ST225/75R15D, free of charge. The recall began on December 8, 2014. Owners may contact Jayco customer service at 1-800-283-8267. Jayco's number for this recall is 9901229.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
