

Part 573 Safety Recall Report**14V-534****Manufacturer Name :** Allied Recreation Group, Inc.**Submission Date :** SEP 02,2014**NHTSA Recall No. :** 14V-534**Manufacturer Recall No. :** 140827ARG**Manufacturer Information :**

Manufacturer Name : Allied Recreation Group, Inc.

Address : 1031 U.S. 224 E

P.O. Box 31 Decatur IN 46733

Company phone : 260-724-5720

Population :

Number of potentially involved : 7

Estimated percentage with defect : 100

Vehicle Information :

Vehicle : 2015-2015 Holiday Rambler Alumascape fifth wheel models 323RL and 343RE

Vehicle Type : TRAILERS

Body Style : OTHER

Power Train : NR

Descriptive Information : These travel trailers were manufactured at Monaco's Elkhart, Indiana manufacturing plant.

Production Dates : AUG 28, 2013 - DEC 18, 2013

VIN (Vehicle Identification Number) Range

Begin : 51U331P23FE475030

End : 51U331R2XFE475040

 Not sequential VINs**Description of Defect :**

Description of the Defect : On the fifth wheel travel trailers affected by this recall, the Federal Certification Label figures related to the front and rear tire type, front and rear tire width, front and rear tire load index letter designation, and front and rear tire pressure ratings, in pounds per square inch (PSI) and in kilopascals (KPA) are incorrect.

Description of the Safety Risk : Incorrect information may result in improper tire inflation which could contribute to a tire failure that could cause a crash.

Description of the Cause : Incorrect information was printed on the Federal Certification Labels.

Identification of Any Warning that can Occur : NR

Supplier Identification :**Component Manufacturer**

Name : NR

Address : NR

NR

Country : NR

Chronology :

August 21, 2014: A dealer contacted ARG regarding a model year 2015 Holiday Rambler Alumascap fifth wheel travel trailer and reported that its tire sizes did not match the information printed on its Federal Certification Label.

August 21, 2014 - August 28, 2014: ARG researched the labeling and the tires that were supplied for all model year 2015 Holiday Rambler Alumascap fifth wheel travel trailers.

August 28, 2014: Based on the research, ARG concluded that the model year 2015 Holiday Rambler Alumascap travel trailers were equipped with the correct tires at the time of manufacture; however, the tire information printed on the vehicles' Federal Certification Label is incorrect. Due to the possibility that the tires may have been incorrectly inflated as a result of the incorrect tire information printed on the Federal Certification Labels, ARG decided to conduct a voluntary safety campaign to replace the tires and the Federal Certification Labels.

Description of Remedy :

Description of Remedy Program : ARG dealers will replace the tires with new tires of the same specifications as the original tires. ARG dealers will also replace the Federal Certification Labels with corrected Federal Certification Labels.
Pursuant to 49 CFR 577.11(e) ARG does not plan to provide reimbursement notification to owners because all involved vehicles are covered under the new vehicle warranty.

How Remedy Component Differs from Recalled Component : The recalled Federal Certification labels have incorrect information relating to the front and rear tire type, front and rear tire width, front and rear tire load index letter designation, and front and rear tire pressure ratings.
The incorrect tire information printed on the original Federal Certification Labels is:
Front Tires: LT235/80R16G
Cold Inflation: 758 KPA / (110) PSI/LPC
Rear Tires: LT235/80R16G
Cold Inflation: 758 KPA / (110) PSI/LPC
The corrected tire information is:
Front Tires: ST235/80R16E
Cold Inflation: 552 KPA / (80) PSI/LPC
Rear Tires: ST235/80R16E
Cold Inflation: 552 KPA / (80) PSI/LPC

Identify How/When Recall Condition was Corrected in Production : The recall condition was not corrected in production because the labeling error was not discovered until after the manufacturing plant was permanently closed.

Recall Schedule :

Description of Recall Schedule : ARG intends to conduct a dealer notification by e-mail in September 2014. ARG intends to conduct a customer notification in September 2014. Owner letters will include information regarding the replacement tires and their proper inflation pressures.

Planned Dealer Notification Date : SEP 26, 2014 - SEP 26, 2014

Planned Owner Notification Date : SEP 30, 2014 - SEP 30, 2014

* NR - Not Reported
