Begin : NR

End : NR

 Not sequential VINs**Description of Defect :**

Description of the Defect : Units built with the Roof AC option do not have the required venting when using the gas range. The range is vented to the inside and the window does not open. When adding the Roof AC Option , the roof vent no longer exists
 Description of the Safety Risk : Inadequate venting for gases from the range.
 Description of the Cause : NR
 Identification of Any Warning that can Occur : NR

Supplier Identification :**Component Manufacturer**

Name : NR
 Address : NR
 NR
 Country : NR

Chronology :

During Jayco's investigation regarding venting issue (573 on file under Jayco) with the Jay Flight, found StarCraft Division had the same issue when the Option of a Roof AC was on the build order.

Description of Remedy :

Description of Remedy Program : The existing no opening window will be replaced with window that opens, to allow required ventilation in the travel trailer.

How Remedy Component Differs from Recalled Component : NR

Identify How/When Recall Condition was Corrected in Production : Production changed to venting the range hood to the outside of the units on the models that offer a roof AC option.
