Vehicle : 2015-2015 WILSON GRAIN TRAILER

Vehicle Type : TRAILERS

Body Style :

Power Train : NR

Descriptive Information : Wilson Grain trailers with SAF Holland CBX Series suspensions installed.

Production Dates : SEP 20, 2013 - JUL 18, 2014

VIN (Vehicle Identification Number) Range

Begin : NR

End : NR

 Not sequential VINs**Description of Defect :**

Description of the Defect : Wilson Trailer Company (Wilson) is recalling certain model year 2014-2015 Grain and Livestock trailers manufactured September 20, 2013, to July 18, 2014, equipped with certain Pivot Bolts Part Number 93201070. The affected pivot bolts may experience an intergranular quench crack where the bolt head meets the body of the bolt.

FMVSS 1 : NR

FMVSS 2 : NR

Description of the Safety Risk : If the bolt cracks it could fracture causing separation of the axle/suspension assembly from the trailer if both sides of the pivot connection fail, which increases the risk of a vehicle crash.

Description of the Cause : NR

Identification of Any Warning that can Occur : The trailer may become misaligned with the tractor.

Supplier Identification :**Component Manufacturer**

Name : SAF-Holland

Address : 1950 Industrial Blvd.

Muskegon MICHIGAN 49443

Country : United States

Chronology :

Wilson Trailer Company was notified by mail by SAF Holland on July 21, 2014 that they had identified a defect in pivot bolts on certain CBX Series suspensions shipped to Wilson Trailer Company between October 8, 2014 and November 30, 2013 and they had instituted a recall. Their recall number was 14E 024. Wilson Trailer Company initiated a Report To NHTSA dated July 23, 2014 and filed a Part 573 following that to recall Livestock and Grain trailers manufactured with CBX Series suspensions. Wilson Trailer Company was issued NHTSA Safety Recall # 14V 492. Dealer Notification Letters were mailed September 17, 2014 and the Customer Notification Letters were mailed September 24, 2014. This recall involved 536 US trailers manufactured between October 8 < 2013 and July 18, 2014. SAF Holland notified Wilson Trailer Company on July 14, 2015 that they had expanded their 14E 024 recall due to identifying an additional lot of pivot bolts. SAF Holland's new NHTSA Safety Recall # is 15E 061 which replaces 14E 024. Due to this expansion of SAF Holland's recall, Wilson Trailer Company must expand NHTSA Safety Recall # 14V 492 to change the dates of manufacture to September 20, 2013 to July 18, 2014. This change will increase the number of affected trailers produced from 536 to 718 US trailers.

Description of Remedy :

Description of Remedy Program : Wilson will notify owners, and dealers will replace the old pivot bolts with new pivot bolts with a white paint dot on the head of the bolt, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Wilson customer service at 1-800-798-2002. Wilson's number for this recall is 926P.

How Remedy Component Differs from Recalled Component : The new pivot bolts will be identified by a white dot on the head of the bolt.

Identify How/When Recall Condition was Corrected in Production : NR

Recall Schedule :

Description of Recall Schedule : Dealers will be notified by mail of their customer's trailers by serial number one week prior to the Customer notification letters mailing out. Individual Customer notification letters will identify that customer's trailer serial number(s).

Planned Dealer Notification Date : OCT 12, 2015 - NR

Planned Owner Notification Date : OCT 19, 2015 - NR
