VIN (Vehicle Identification Number) Range

Begin : 4X4TVBC27F5103753 End : 4X4TVBC2XF5104301 Not sequential VINs

Description of Defect :

Description of the Defect : Tire size indicated on Federal Certification and Tire Information label is ST225/75R15/C @50 PSI. Tires mounted on trailer are ST225/75R15/D @65 PSI.
 Description of the Safety Risk : If the tires are replaced with the tires indicated on the label they will be under rated for the GAWR and may be over loaded causing a blow out and loss of control. This may cause injury or death.
 Description of the Cause : Typographical error.
 Identification of Any Warning that can Occur : If the tire is replaced with the tire indicated on the labels it may become overloaded and blow out.

Supplier Identification :**Component Manufacturer**

Name : NR

Address : NR

FOREIGN STATES

Country : NR

Chronology :

The miss-match of the label and the tire information was noted at the PDI building during a routine quality inspection 12/19/2014. A report was run on all scaled units of this particular model and the database indicated that the information on the labels was incorrect.

Description of Remedy :

Description of Remedy Program : We will send new labels to the dealers and retail customers with the correct tire information. Units ready for shipping and at transport yards have been corrected.

How Remedy Component Differs from Recalled Component : The labels will indicate the proper tire rating and tire pressure.

Identify How/When Recall Condition was Corrected in Production : The data was corrected 12/19/2014 and all labels printed reflect the correct information.

Recall Schedule :

Description of Recall Schedule : We will have labels ready to mail by 1/5/2015.

Planned Dealer Notification Date : JAN 19, 2015 - JAN 23, 2015

Planned Owner Notification Date : JAN 19, 2015 - JAN 23, 2015
